“

*Our small accounting firm needs budget office furniture. Is it too much to ask for professional space planning & installation for three offices?"*

-Stuart, Traditional Small Business

*"I need cool office furniture for our four person graphic design firm right away. Unfortunately everything I've seen that matches our aesthetic is way out of our price range"*

- Angela, Non-Traditional Small Business

*"As Facilities Manager I set up 8-10 telecommuter remote office locations monthly for around \$ 1500 each."*

-Whitney, Remote Office Environment

*I'm launching my own business and I need high-quality home office modular furniture for a professional, home-based office."*

- Brandon, Office@Home Environment

## Environmental Sustainability

At BBF, we are proud to be good stewards of the environment, taking care to be environmentally conscious from the beginning to the end of our manufacturing process.

Some of our environmental initiatives include:

- CARB: All BBF products are compliant with CARB (California Air Resource Board) standards for reduced formaldehyde emissions
- EPPD ownstream Program (Composite Panel Association): More than 50% of panels purchased from EPP sources; board is 100% pre- or post-consumer recycled
- Energy Reduction: Reducing electricity consumption and improving machinery efficiency
- Landfill Reduction: Diversion of plastic waste away from landfills and improved recycling of plastic, cardboard, tin and scrap metal
- Corporate Recycling: Recycling plastic, paper and aluminum cans in our corporate offices
- Special Sustainability Teams: Tasked with improving efficiency and reducing waste in our manufacturing processes
- Ongoing Certifications: Actively participating in industry-related programs, such as BIFMA e3 Level and ISO 14001 82

---

## Product Testing

We fit your demands for safety and durability. Our commercial products undergo rigorous testing in our sophisticated in-house testing laboratory, to ensure that they meet or exceed professional ANSI/BIFMA standards for safety and performance.

We test:

- Resistance to scratches, stains and abrasions
- Weight load
- Leg strength
- Stability/dislodgement
- Cycle testing on casters, hinges and drawer suspensions

The result of this obsessive attention to quality is that our products are ergonomically correct and compliant with state and federal health and safety guidelines.
